[Video 1](#) y [Video 2](#) and draw each of the members of your family.

## EXPLICACIÓN:

# LAS PARTES DEL CUERPO -BODY PARTS

The human body is something fascinating, it is made up of different parts. In the following image you can learn what each of these is called, in English.

Study them in detail to increase your vocabulary and move forward in this process.

The body parts in English are: eye, mouth, shoulder, torso, stomach, hand, foot, leg, breast, neck, cheek, hair, head, ear, ankle, nose, teeth, tongue, finger, arm, knee, toe

In the following video you can learn the parts of the human body. Explain how you thought it was?

- Watch carefully the following video about the parts of the body, draw a human body in your notebook and write the parts that are in the [Video - Body Parts - Partes del Cuerpo](#)
- Watch carefully the following video about family members, make in your notebook the family tree that appears in the [Video -The Family](#).
