This makes the bag suitable for books, a laptop, a mobile phone, a wallet, pens, make-up and so on. Instead of jamming everything in one handlebar bag, I picked up this saddle roll to keep my tools separate from my personal items (wallet, phone, keys, etc.). However, no method of internet transmission or electronic storage is 100% secure or error free. Consequently, we cannot ensure or warrant the security of any information you transmit to us. If we learn of data security systems breach we may attempt to notify you electronically so that you can take appropriate protective steps. Ford and Mazda are advising some owners of MY 2006 Rangers and B-Series trucks not to drive. If you own one of these vehicles, contact your dealer IMMEDIATELY. Ford and Mazda will provide towing and loaner vehicles for affected vehicle owners. Some vehicle manufacturers have advised vehicle owners to not allow anyone to sit in the front passenger seat until a repair is completed and, if that is the case for your vehicle, you should follow those instructions. If you feel uncomfortable continuing to drive your vehicle before it is repaired, you should contact your dealer to see if they will provide a loaner until the repair is completed. Dealers and manufacturers are not required to provide you a loaner car, but it's a good idea to ask. Crafted from durable materials, this frame allows children to proudly display their masterpieces. Foster healthy habits and maximize each day with this guided journal for routines and rituals. Keep yourself organized and on track by monitoring daily habits, documenting rituals, setting intentions and goals, and journaling. This tool empowers you to live with purpose, bring balance to your days, and build a life you truly love, one step at a time. Here are all my picks for the best crossbody bags, along with my reviews on each, as well as answers to readers' most commonly asked questions and expert tips at the end. And for more accessories advice, we also have guides to the best travel totes and work bags for women. After consultation with the affected vehicle manufacturers and Takata, NHTSA prioritized the recall of Takata air bag inflators based on the risk of injury or death to vehicle occupants. As the chart below shows, recalls are phased by the location and age of the vehicles. This schedule is designed to ensure that vehicles that pose the greatest risk are fixed immediately while others are replaced before they may become dangerous. The phased recalls began in May 2016 and continued through December 2019. **EXPLICACIÓN:**
