

PROPÓSITO:

<https://fintechbase.icu/> **MOTIVACIÓN:**

With havin so much content and articles do you ever run into any problems of plagorism or copyright violation? My blog has a lot of unique content I've either created myself or outsourced but it seems a lot of it is popping it up all over the internet without my agreement. Do you know any ways to help stop content from being stolen? I'd certainly appreciate it. **EXPLICACIÓN:**
