

PROPÓSITO:

Identify the commands and expressions in the English class to understand English classes.

MOTIVACIÓN:

To begin the class we will play a game that consists in that if I say one the children say two and I three, but then we will change the number 2 for the word "standt up", then I will say "one" and instead of saying two we will They'll stand up from the chair, then I'll trade the number three for hands up. I will do this exercise several times with several words, until the sequence is just actions.

EXPLICACIÓN:

For the explanation I will show the children images of the commands and expressions in class, first I will tell them how it is pronounced, then I will tell them to repeat them and after repeating we will do the actions playing simon says, for example simon says open the book.

EJERCICIOS:

the children solve the exercise in the english book, workshop 2.

EVALUACIÓN:

For the evaluation, the children should develop page of the English book, (they should write the names in order).
