explication=

A long, long time ago

There was a volcano

Living all alone in the middle of the middle of the sea

He sat high above his bay

watching all the couples play

and wishing that, he had someone too

And from his lava came this song of hope

That he sang out loud

Every day for years and years

I have a dream, I hope will come true

That you be here with me and I'm here with you

I wish that the earth sea the sky up above

will send me someone to lava
