Read Marta's essay. How many examples does she give of animal cruelty?

### Animal cruelty by Marta Sánchez

We share our planet with millions of species of animals. Animals are beautiful and intelligent, but people often do terrible things to them. In my opinion, we have to stop cruelty to animals.

### Animal cruelty by Marta Sánchez

We love seeing animals like elephants and lions in circuses. They live in small cages, and people often hit the animals if they don't learn quickly. Some people think that the animals don't suffer because they are used to circus life. But I think it's cruel.

## Traditions

Spots like bullfighting, fox hunting and dog fighting are popular in a lot of countries. Some people think that bullfighting is exciting, and say that it's fair. Because bulls are strong and powerful. But I disagree, because the bullfighter chooses to fight, but the bull can't choose.

## Animal trafficking

A lot of exotic animals are taken from their natural habitat. People can make a lot of money from animal trafficking. People buy them as pets, or kill them for food, or make products from their bodies such as souvenirs, clothes and medicine.

Dolphin, monkey, cat, iguana, caimán, dog, house, cow, snake, rabbit, sheep.

Read the essay again. Copy and complete the table

	Why do people use animals for this?	Why does Marta think it's cruel?
CIRCUSES	to entertain or make people laugh	Why do they lock animals in cages and beat them every time they don't learn fast
BULLFIGHTING	Some people think that bullfighting is exciting, and say that it's fair because bulls are strong and powerful.	because the bullfighter chooses to fight, but the bull can't choose
ANIMAL TRAFFICKING	to earn money	why is it animal trafficking

4. Read the situations and give your opinions

5. Choose one of the situations above; write a short composition about the topic. Remember the use of connectors and linkers

There is a place near the sender's house where they use defenseless animals to experiment with them and see the reaction that they have something very bad done and it should be illegal. Animals should not be allowed to suffer at the hands of humans.

## 6. Read the next exercise and solve it

1. Why do groundhogs like to live in burrows?

Why don't you like crowds.

2. What do groundhogs do when it gets cold outside?

They crawl into their burrows and sleep until spring.

3. Why do groundhogs belong in the wild?

Because there they can do whatever they want, not in cages or on stage.
