Helen Thayer: A Lifelong Adventurer Helen Thayer has never let age stop her. She and her husband, Bill, fulfilled a lifelong dream for their 40th wedding anniversary. They walked 1600 miles (2575 kilometers) in intense heat across the Gobi Desert. There they met Mongolian nomads<sup>1</sup> and learned about their culture. To celebrate 50 years of marriage, the Thayers walked almost 900 miles (1448 kilometers) across the Sahara Desert to study the customs of the people who live there. Now in her seventies, Thayer keeps on planning trips for the future. Thayer, born in New Zealand, has been exploring the outdoors for most of her life. Since childhood, she has traveled widely in harsh climates and across rough lands. She has walked to the North Pole with her dog as her only companion. She has also kayaked 2200 miles (3541 kilometers) down the Amazon, and done several mountain climbs. These trips haven't been easy, but they've been very satisfying. In recent years, Thayer has been talking to groups around the world. She has continued to travel and bring back stories to

share with both children and adults. Thayer hopes to inspire<sup>2</sup> people to follow their passions and fulfill their dreams.<sup>3</sup> What is her advice? Set goals, plan for success, and never give up. Present Perfect Progressive and Present Perfect
