# the history of art

A bit of the history of art is based on the fact that, The beginning of art dates back to the first artistic manifestations of the early Upper Paleolithic, (40,000 years ago), through Homo Sapiens, as being a pioneer of these expressions due to its endowment of Intelligence.

# conclusion

In my opinion, art is a free method of expression, through which people can express our thoughts or messages that we want to make known, give our opinion in a different way, discover our talent through it, since we do not know try just to paint. If not, it is also music, literature, painting, drawing, design, etc.
